

October 9, 2017

Dear Parents,

It is hard to believe that we have completed our 1st month of school. The children had a great time learning about the colors of the rainbow. We will continue to incorporate colors throughout the year to reinforce what they have learned in this unit. Keep a lookout for the "Colors of the Rainbow" books to come home soon.

Our next unit will be Nighttime and Nocturnal Animals. We will begin with the stars and the moon. We will be reading Twinkle, Twinkle Little Star and Kitten's First Full Moon this week. The children will help make a starry night on the ceiling, so don't forget to bring a flashlight with your child's name on it. We look forward to exploring all the wonders of the night. We will have star cheese toast for snack on Wednesday and Thursday.

***** Just a reminder - We have started our regular sharing days. It will be every Monday and Tuesday. *****

Have a great week!
Mrs. Hollenbeck

Let's Work At Home - Discuss your nightly routine with your child. What do they like to do best when getting ready for bed? Take a bath? Read a story? Let your child choose his or her favorite bedtime story and tell it to you in his or her own words.

Also, take a look outside and see the size of the moon and the number of stars that can be seen in the sky.
